1:15 Eagle Farm Race 2 1000m 2YO LR SWP

#2 Internal Revenue (C Munce) **Market: 40% - \$2.50** **My win prob: 43% - \$2.30**

Heavily backed and won impressively last start. Those figures rate very well here and from a good draw he should get an ideal run just off the lead. Jockey Chris Munce is riding in great form.

Your notes: 2nd

2:05 Flemington Race 3 1000m 3&4YO RB72 HCP

#10 Flourishing (G Boss) **Market: 26% - \$3.80** **My win prob: 30% - \$3.30**

A very impressive Werribee maiden winner last start in strong figures (well backed so it seemed no surprise.) A quick back up here to tougher class suggests that she's done well and that's a good lead. Up the straight I expect her to settle only a few lengths off the lead.

Your notes: 1st @ \$5.00

2:25 Rosehill Race 3 1400m 3YO+ BM84 HCP

#3 Flying Success (N Berry) **Market: 40% - \$2.50** **My win prob: 54% - \$1.85**

Won in strong time with a fast 600m last start. Bringing those figures back to the same track on a quick back up with the prospect of an easy lead makes her very hard to run down. An ideal betting scenario.

Your notes: 2nd

4:05 Flemington Race 6 1420m RB89 HCP

#15 War Ends (D Oliver) **Market: 22% - \$3.10** **My win prob: 35% - \$2.90**

Led and won in solid time with a fast last 600m last start. Those figures rank well here and it seems that he still has plenty of scope to improve further. He should race right up on the lead again.

Your notes: Unplaced

6:05 Ascot Race 4 2100m 3&4YO LR SW

#1 Ranger (W Pike) **Market: 46% - \$2.15** **My win prob: 56% - \$1.80**

Clear top rating form and figures for this race, especially from his last start G1 Kingstown Town Stakes run. Down in class / weight with a top jockey riding makes the \$2.15 available (no scratchings in yet) terrific value in my eyes. I expect him to start odds on.

#3 Premardal

Market: 32% - \$3.10

My win prob: 33% - \$3.00

Surprised in winning last start but did in from the front easily with standout figures. She looks like getting an easy lead here and with that in mind I'm happy to bet she can repeat. Well found in the market at present (no scratchings in yet) and I wouldn't be surprised if she starts longer.

Your notes: 1st @ \$2.70

4:25 Rosehill Race 6 1400m 3YO+ BM95 HCP

#9 Triple Elegance (G Schofield)

Market: 26% - \$3.80

My win prob: 14% - \$7.00

First up off some soft trials. Overall record reads well, but his best form is on wet ground and his figures are relatively soft when compared against a number of the fit / inform competitors here. He needs a career best to beat these and must be some risk producing that first up, especially when Waller has a very moderate first up record. A good favourite to work around.

Your notes: 3rd @ \$4.80

5:25 Flemington Race 8 1630m 4YO+ RB89 HCP

#10 Livia (LJ Meech)

Market: 18% - \$5.50

My win prob: 7% - \$15.00

Comes off a first up win but overall figures rank poorly here and D Hayes is terribly over-valued by the market. .
